

Please provide any feedback below and ask the kids how things work if you are unsure!

Really enjoyed the books that P4 made, using the book creator app

Enjoyed p7 movie                      Very interesting apps and lots of information!

Great work from all the kids. They spoke brilliantly. Very impressed with Aurasma.

Nursery app very interesting can't wait to see it online                      Great

Can't wait for the nursery app to go live                      Great presentation skills from all

Very impressed by all the demonstrations. Thank you!

Great to see the film made by p7.... Very impressed!

The possibilities are endless

Aurasma has the kids so excited! Really impressive

Book creator was really good for showing and sharing work

Excellent displays from top quality pupils

I have enjoyed helping do the basketball

So good to see all the wonderful apps you are using. Very well explained too.

Really fascinating to see how you use your iPads in class. Thanks for taking the time to explain it all to us.

Very interesting to see how the children are learning and how easy it is for them to access knowledge and information. The kids themselves are equally impressive!

This is the best school ever

I have enjoyed everything here

I have enjoyed the evening

Found the p2 table helpful as it showed maths and literacy. As a parent who is not terribly technology able it is more difficult to see the educational benefits/goal of the other apps though they do look fun! Hope this is helpful.

Really enjoyed the photo stories done on book creator
